Professional Experience

Graphic Design Contractor

2017 – Present

As a self-employed designer, it was my job to handle all aspects of the business. This included acquiring customers, working with them to determine their needs, and providing them with market-ready, professional end-products.

- Sought out customers through cold-calls, emails, and advertisements.
- Communicated back and forth with customers until their requirements were clear and the project could be started.
- Worked with customers to adjust each draft in the process to their desires.
- Produced web presences for clients, including social media images, album cover arts, and promotional posters.
- Used Adobe Photoshop, Adobe Premiere and Adobe After Effects

Video Editing/Direction Contracting

2017 – Present

As a self-employed video editor and director, I had to handle production tasks at all levels of the process. This included storyboarding, location-searching, equipment management, video direction, video editing, and other major skills.

- Discovered and acquired customers through active cold-calls, emails and advertisements.
- Worked with customers to plan shooting schedules, video concepts and budgets.
- Negotiated permission to film at various locations.
- Directed and filmed all videos personally.
- Edited videos to customer-specified requirements.
- Worked in Adobe Premiere, Adobe After Effects, and Adobe Photoshop.

Retail
Walgreens

2012 – 2017

As a sales associate for Walgreens, I juggled many different roles. This often occurred at an understaffed location where I had to react to situations immediately, autonomously, and appropriately.

- Guided customers through finding good discounts and deals to maximize their purchases.
- De-escalated situations with stressed customers and resolved their issues.
- Organized stock rooms and shelves for efficiency and cleanliness.
- Handled high volumes of customers during peak-traffic hours.

Education and Training

Education:

2010 - 2014 - Computer Science Degree, William Paterson University (Incomplete - Academic hiatus due to family health and financial issues)

Other

- Published author
- YouTuber
- Fluent in Japanese
