Summary

With strong skills in JavaScript, HTML5, CSS and NodeJS, my specialties are React, Express, and MongoDB. I am a Full Stack Developer seeking a full-time, part time, contract or temporary position at a growing company. Some of my other skills include GraphQL, Redis, Socket.io, Passport.js, and the YouTube API.

My most recent projects:

OnePush, a web app for posting blogs to multiple platforms at once.
https://github.com/S3Prototype/onepush

BuddyViewer, a web app for simultaneously watching YouTube videos with friends.
https://github.com/S3Prototype/BuddyViewer/blob/master/README.md

NecronomiSearch, a web app for searching through the back catalog of H.P. Lovecraft.
https://github.com/S3Prototype/necronomisearch

Experience

Senior Graphic Designer
Grand Maverick Media
2017 - Oct 2020 (3 years 10 months)
As a contracted designer, it was my job to handle all aspects of the business. This included acquiring customers, working with them to determine their needs, and providing them with market-ready, professional end-products.

- Sought out customers through cold-calls, emails, and advertisements.

- Communicated back and forth with customers until their requirements were clear and the project could be started.

- Worked with customers to adjust each draft in the process to their desires.

- Produced web presences for clients, including social media images, album cover arts, and promotional posters.

- Used Adobe Photoshop, Adobe Premiere and Adobe After Effects

Videographer
Grand Maverick Media
2017 - 2019 (3 years)

As a contracted video editor and director, I had to handle production tasks at all levels of the process. This included storyboarding, location-searching, equipment management, video direction, video editing, and other major skills.

- Discovered and acquired customers through active cold-calls, emails and advertisements.

- Worked with customers to plan shooting schedules, video concepts and budgets.

- Directed and filmed music videos at various locations.

- Edited videos to customer-specified requirements.

- Worked in Adobe Premiere, Adobe After Effects, and Adobe Photoshop

𝓌 Retail Shift Supervisor
Walgreens
2012 - 2017 (6 years)
As a shift supervisor for Walgreens, I juggled many different roles. This often occurred at an understaffed location where I had to react to situations immediately, autonomously, and appropriately

- Guided customers through finding good discounts and deals to maximize their purchases.

- De-escalated situations with stressed customers and resolved their issues.

- Organized stock rooms and shelves for efficiency and cleanliness.

- Handled high volumes of customers during peak-traffic hours

Education

WP William Paterson University of New Jersey
Computer Science
2010 - 2014
Still not complete. Took academic hiatus due to family health and financial issues.
